

SETUP MOBILE APPLICATION ENVIRONMENT

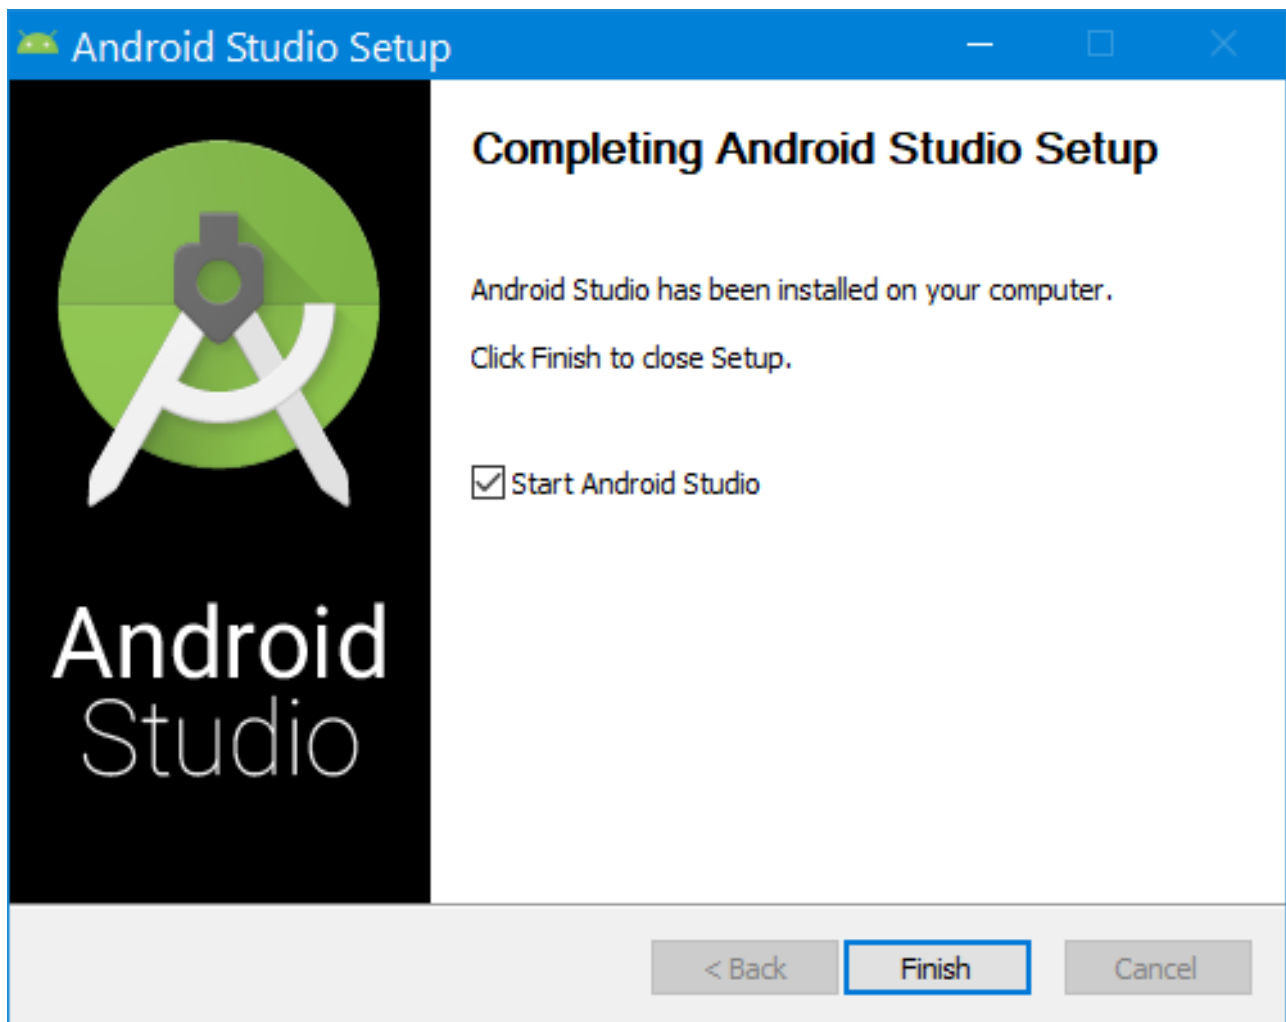

INSTALL ANDROID STUDIO

Date	29 OCT 2022
Team ID	PNT2022TMID00768
Project Name	CONTAINMENT ZONE ALERTING APPLICATION
Team Members:	Vishwa S, B Harsha Vardhan, Srivas C, Tharun C

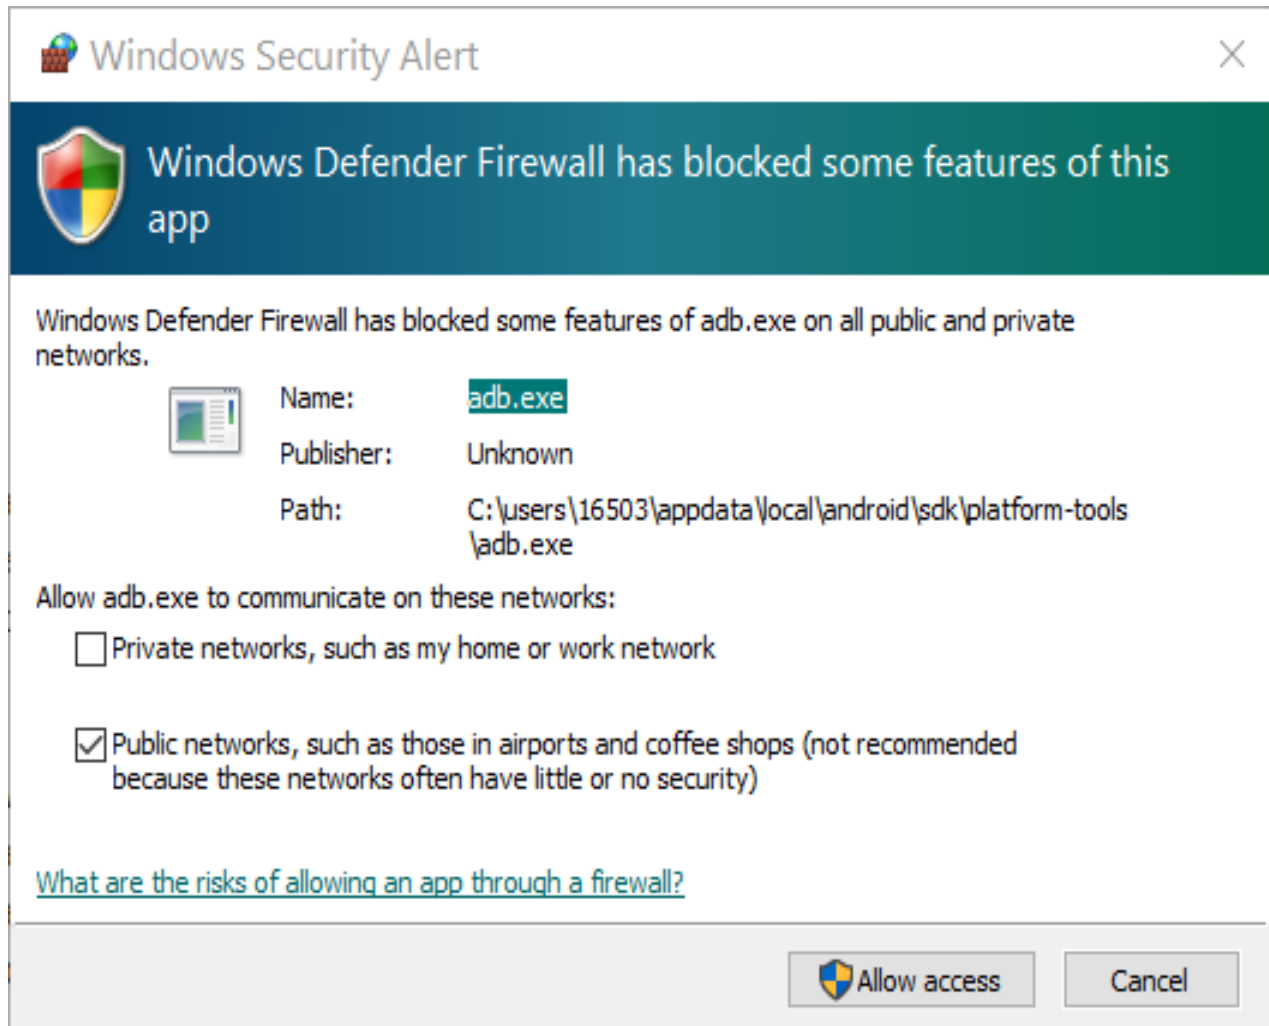

1. Open any web browser and navigate to the Android Studio download page.
2. Click Download Android Studio to start the download.
3. Double-click the downloaded file.

4. The Welcome to Android Studio Setup dialog displays. Click Finish when the installation is done to launch Android Studio.

5. You may also receive a Windows Security Alert about adb.exe. Click Allow Access, if needed, to continue the installation.

6. When the download and installation completes, click Finish. The window displays

Welcome to Android Studio
